

Integral blinds in units

Why choose integral blinds?

Integral blinds are the perfect choice for a range of applications, from aluminium bifold doors, through to tilt and turn windows, conservatories and opening doors.

Fitted in between the two panes of glass in the double glazed sealed unit, the aluminium blinds are therefore unobtrusive, meaning that nothing can interfere with the operation of them, ideal if you have folding doors as they move in one with the doors to provide a seamless and elegant finish

Integral blinds are the perfect choice for our range of aluminium products, from patios through to bi-fold doors; unobtrusive, they do not interfere with the operation and may be colour co-ordinated to provide a seamless elegant finish.

- Sealed within the glazed unit
- Oblivious to dust, moisture and abuse
- Easy to operate by a simple sliding magnet
- No cords so durable and maintenance free

The important stuff!

- Minimum width 300mm, maximum width 1500mm
- Minimum height 300mm, maximum height 2500mm
- Maximum overall area 2.2 square metres
- Due to restrictions housing the mechanisms some smaller units will only be available as tilt only
- If you have dark coloured blinds we recommend solar glass to reduce heat build up inside the units
- Blinds are guaranteed for 5 years

Specifications

Integral blinds are the perfect choice for our range of aluminium products, from patios through to bi-fold doors; unobtrusive, they do not interfere with the operation and may be colour co-ordinated to provide a seamless elegant finish.

- Sealed within the glazed unit, oblivious to dust, moisture and abuse
- Easy to operate, no cords, operated by a simple sliding magnet
- Durable and maintenance free aluminium slats
- 28mm double glazed sealed units, toughened with argon gas and metallic spacer bar
- **Colours are only intended as a guide only, please request a colour swatch for accurate images. We will not be held responsible for issues over colour.**
- Lead times are 4-6 weeks
- All our magnetic blinds are manufactured by Holis, owned by Hunter Douglas
- The outer casing of the blinds are colour co-ordinated on all except the two wood foiled options where the casings are supplied in the solid base colours tan and brown.
